EDUCATION

California State University, **Los Angeles**   **Expected: May 2023**
Bachelor of Science in Computer Science   *GPA: 3.948*

TECHNICAL SKILLS

Programming Languages:
Proficient: Java, Python, C++ *Knowledgeable -* HTML, CSS, C *Familiar -* JavaScript, Typescript, C#

Technologies/Frameworks:
Eclipse IDE, VS Code IDE, MySQL, SQL Server, Maven, Apache Tomcat, Angular, Spring, JSP, Hibernate, JPA, AWS S3, AWS EC2, NodeJS & NPM, JSON, Bootstrap, Git, Anaconda, bs4

PROJECTS

Full Stack Web App | Personal   **Aug 2022 – Present**
Objectives: Build a personal web application using frontend and backend technologies which will host user suggestions for vacation location, food and local entertainment.
Using: Angular, Springboot, Java, JavaScript, Typescript, MySQL, Hibernate, JPA, AWS S3, AWS EC2

Python Web Scraper | ACM Club   **Feb 2022 - Present**
Objectives: Build a web scraper using python that will retrieve and produce organized product data from a given website.
Using: Python, HTML, Anaconda, BeautifulSoup4

Web Portfolio | ACM Club   **Aug 2021 - Dec 2021**
Objectives: Learned fundamentals of website design by building a personal web portfolio that hosts user information.
Using: HTML, CSS, Visual Studio Code IDE, FormSubmit email API

WORK EXPERIENCE

Tech Analyst - Internship | *Accenture (CALSAWS Team)* | Remote   **June 2022 - July 2022**
- Contributed to the implementation of a custom lambda function and s3 buckets for the use of pulling a mastery inventory list for a multitude of California Welfare System (CALSAWS) AWS accounts.
- Retrieved and validated a large list of production batch server outbound connections for the purpose of producing a more cohesive list to be used for security hardening.
- Worked closely with the CALSAWS team in correcting outbound rules for selected security groups which formerly allowed unrestricted outbound traffic on associated EC2 instances via quad 0 route.
- Learned to create IAM roles, manage permissions, edit bucket policies and create rules in Event Bridge in order to run custom lambda functions on a scheduled basis.

Dog Groomer, Attendant | *Dog House Pets* | Studio City, CA   **Nov 2017 - August 2021**
- Practiced team management by coordinating with grooming team to efficiently complete grooming tasks on schedule.
- Utilized new software for updating client information, setting appointments and settling balances.
- Employed clear communication and open-mindedness to effectively train new hires on bathing, daycare, and cleaning tasks using approachable and thorough training practices.
- Reduced the frequency of on-site pet and worker injuries by developing new pet handling techniques and procedures in collaboration with grooming team.

HONORS & ASSOCIATIONS

Dean's List | *Fall 2021, Spring 2022*
STEM Advantage Scholarship | *Fall 2022 - Spring 2023*
STEM Advantage Scholars Program | *Scholar/Mentee*
Association of Computing Machinery Club - CSULA Chapter | *Member/Mentee*
Foreign Languages | *Spanish (Fluent), French (Elementary)*
